PLEASE KEEP IN MIND:

When shopping for our troops, remember they only have pockets and backpacks to keep their possessions in. Large items are too hard for them to handle. They are also costly to ship. Think of it like you are the one walking in 140 ° heat in the middle of nowhere. How would you pack?

Please remember all holidays. It takes a month for packages to get over so don't wait until the last minute.

PERSONAL HYGEINE

Baby Wipes (50 count)
